## Halloween Parade Special Occasion For Local Pupils

More Than 1000 Kids To "Costume Up" For Annual Shindig

All of the Belle Glade children from pre-school thru high school are getting their marks and costumes ready for the big night, Oct. 21, when the Halloween Carnival and parade will be held on Memorial Field.

Mrs. A. E. Kirchman, chairman, held a meeting Tuesday morning at the school, with all of the co-chairmen and the last minute arrangements. She asked that it be emphasized that those attending park their cars at the north end of the field in the regular parking lot, and not on the streets at the west end, interfering with the parade.

Mrs. M. E. Lively, in charge of the parade, had the pre-school children line up in front of the elementary school, while the other grades lined up in their home rooms. The parade will begin at 7 p.m., being formed in front of the elementary school and entering the field at the west gate. The Band will lead, being followed by the pre-school children, then the first, second, third grades and on up in order.

For the carnival, L. P. Parson is in charge of concessions, being assisted by Gerold McKee and J. R. Davidson. All of the booths will be arranged along the field, with the Beta Sigma Phi Tea Room, serving light meals and having tea leaf reading, at the extreme west of the field, by the goal posts, two fortune telling booths, then in a line at the north of the field the BPW House of Horrors, a grade fish pond, 2nd grade Dwarf Dance, Souvenirs and war pictures, American Legion booth for gingerbread boys, fudge and candies; picture show booth, Rotary Club, food booth and the Diner, cafeteria committee; booths for feats of strength and marksmanship by the Lions Club; Ram weight guessing, with E. A. Kirchman in charge; food drinks, pop corn; at the east end the Diner, the children's favorite, the Pony Rides, with D. G. Herring in charge; at the west end of the bleachers Mrs. Jack Thorne will handle the cake walk, south of the bleachers will be rides, and on the reserved bleachers the Elks Club will have the Diner. Auction with many lovely prizes.

Francis Baldrone In Hot For Series Of Local Auto Thefts

There has been a series of auto and truck thefts in Belle Glade, the past two weeks, two of them occurring on last Saturday night, when the large truck of the Glades Appliance Company and a car owned by Sam Singleton were pilfered off the streets.

Police recovered both of the stolen vehicles, the truck near Pahokee, and apprehended a white youth by the name of Paul D. Beck, president, urged him to attend, bringing all gifts for the Veterans Hospital Christmas Gift Show, one of the regular value or over. The gifts have to be sent in, on

## County Will Go After The Average Winter Visitor

Glades Agriculture To Be Part Of The Attraction

GLADES COUNTY

In early February under the sponsorship of the Resources Board, Palm Beach County will actively go after some of the half million out of state visitors to the Tampa Fair.

An invitation with attractive inducements for Palm Beach County to be accepted in the fair has been submitted by the Resources Committee and a space 70 feet by 15 feet will be occupied.

Rather than to only present an exhibit of resources and potentials of the County in an attractive manner attended by gullies and gulls with shorter and shorter baiting suits, the theme of the effort will be "To create interest in the tourist, industrial, agricultural facilities and potentialities of the County."

A budget of around \$6250 is expected to provide a diagram which can be discussed and used by other exhibits and other necessary expense.

Business men actively engaged in the industry, hotels and tourists, gardening and landscaping, etc. will be represented. In this manner it is expected that interested persons will be given the kind of information they want from reliable sources.

Luther Jones, assisted by a corps of committeemen throughout the county will handle the agricultural showing and representation of the County.

The overall committee of which L. M. Lennard is chairman will meet on October 24th in the RDB offices to formulate the general plan.

University Paper Gives McDonald Praise As Kicker

Bob Bassen, a sports writer, just before the recent Tulsa-Ft. Lauderdale University 10 to 11 game, at Tulsa, down to a game, the following article by his Gainesville paper. The story relates to one of Belle Glade's football players now at Florida University.

The game is October 1st, at Tulsa, Oklahoma, just before the Tulsa-Ft. Lauderdale game. Nearly ten thousand fans are on the spot at the initial kick-off. As the teams ball, an audible gasp of awe is heard over the loud speakers of the stadium as the ball is kicked.

And what was the cause of this? The answer is given to each family, to their losses and in some cases more than others. The total loss of the game, such as the amount to \$11,811.14.

McDonald is another of the long list of sophomores with ability who haven't made headlines yet, but should develop into fine ball players. Carroll who will likely take over the spot next year, which will be opened by the graduation of Kyne and Hazelwood has found his talent in the kicking field.

The six feet one inch, 140 pounder pivot man is currently making his letter by his efforts to put the ball back into football. One of the features of McDonald's prodigious kicks is the beauty of the ball. Carl's kicks are high into the air, in the manner of punts, and give Florida men plenty of time to get down field to cover the receivers.

Hailing from Belle Glade, the home of Carl's Bar, and sons of the University with a good school record behind him. He has been named as mythical All-Gulfstream conference team and on the Little All-State teams. Carroll is now playing his first Continued on Page 4

Masons Plan Trip To St. Petersburg Home, Nov. 27

Some 35 active Masons from the lodges of the Twenty-second and Masonic district, gathered at the hall of Belle Glade, Nov. 27, Sunday afternoon, for the October session of the Association. Rehearsal of the revised work of the Entered Apprentice degree was in order, and a staff headed by William Evans, of Belle Glade, conferred that degree in its entirety upon two "dummy" candidates.

It was decided that the November meeting of the Association would be held at the Masonic home at St. Petersburg, on November 27th, at which time the lodge will make a pilgrimage to that important home of the order.

The East Coast lodges will likely go by bus, but those from the Glades area in private conveyances. The caravan is to meet at the home for 10:30 o'clock in time to attend the Home chapel services. The Home management will provide a special communication on Saturday night for the visitors, as well as an inspection visit of the home grounds. Wives or sweethearts of Masons, and Eastern Star members, will be welcome members in the caravan.

This visit to the home is a preliminary to the opening of the State Masons drive to raise a million dollar endowment fund for the maintenance and expansion of work at the home.

Belle Glade lodge held a special communication on Saturday night, and conferred the Entered Apprentice degree to Elmo Day Wendell Lyons, Jr., now Captain of the 1st Cavalry, stationed in Army service in Orlando.

a glaring nature by the Rams at crucial stages, spelt their defeat.

Tommy Williams handed out a trio of fine passes, with a wide open field for the receiver to throw toward goal, only to have them dropped. Knocking inches from the goal line for a counter, a miserable line fumble the ball to the Eagles.

Our Rams were up against real competition and early in the second quarter showed weariness and "time out" was frequently taken for rest.

The Eagles depended mostly on their passing and runs for ground gains, which they did, one of their set ups for a touchdown coming from a 65 pass and end run, which thrilled the Ft. Myers fans, Charles Miller, after a desperate run, which they held, which the runner down just short of the counter mark. But the Eagles swept the corner for their winning touchdown.

The Rams were the first to score in the second quarter, when Leathers went over after a strong drive down the field, and got the added point. T. Pierce scored in this quarter, too, the half ending with the Rams leading 7 to 6.

Two following touchdowns and a goal point placed the Eagles ahead, which they held to the end. The Rams got their second touchdown in the last quarter by a real field driving work.

Without debate, patrons saw the Eagles playing a superior game to the Rams, who they did not win except by the hardest kind of work.

Both the school bands appeared on the field and gave a superb drill and the Rams band was given a heavy round of applause. The Eagles band, a first division band was superb in its field work and appearance in green and yellow uniforms. Ft. Pierce, the only high school in St. Lucie county, had a large and efficient cheering section, which spurred the Eagles to do their best.

**ELKS TO HAVE A** ly also took occasion to praise the business management of the lodge and the excellent work performed, and the ranking it held in both state and national records.

The visiting official pleased all by the brevity of his annual message, presenting it in a brisk, clear and concise manner, and yet setting out the principal items of the National and State programs. He stressed the work being done by the Elks Foundation and Veterans' Administration.

He stated that the aim of the Grand Lodge for the year was to increase the 900,000 membership to the 1 million mark, and this could be done by a five percent increase in membership per lodge. That the program called for respect, strengthening and preserving Elksdom.

Other speakers on the program were Alex Arnette and William Wall, the latter making a short but pertinent address to the candidate of the evening, John A. Calvert, as to the work of the order.

Fifty visitors were present from Pahokee, Lake Worth, West Palm Beach, Delray, Vero Beach, Ft. Lauderdale and Coral Gables. James Vann, Exalted Ruler of Pahokee lodge, extended an invitation to its official visitation on Thursday night, November 17th.

as proposed and presented to the Board, be accepted, and other members of the Board concurred. The City paid down a bond of \$500, and the balance to be paid at stipulated periods as contained in the agreement.

The City has arranged its part of the financing of the school, and Mayor Rubin plans soon to call a meeting of the farmers and transportation contractors to work out that end of the bonding situation deal.

Many favorable expressions have been noted among citizens as to the interest circles of the move to secure the old colored school property on Fifth street, for this building, in that it will take trucks off the streets, which in the past have been a safety hazard.

The City Street Department, with the assistance of Chief Charles Goddett, of the police department, will make temporary improvements, so that the land can be used yet this season, preparatory for better facilities next season.

The frame school building, which has been such long service to be razed and the city will use the salvaged lumber and interior plumbing equipment, or that portion which can be utilized, in other city work.

Possession will be given by the School Board by December 1. The \$38,500 received by the Board has been ordered earmarked for the building additional rooms at the site of the new negro elementary school building. Transfer of the school children from the old to the new school will be a matter of the near future.

Football, today, is a game of specialists and Florida has its quota in the kicking department. Looming up on the horizon and joining the "kick corps" composed of Lee Lewis and Fred Montedoca, comes Carroll McDonald. This trio should provide the Gators with an efficient kicking team.

SCHOOL NEWS OF EVERGLADES  
VOCATIONAL HIGH

By Cecia Miller

The Bobcats had their first  
home game Thursday, October  
13. They had a parade Thursday  
evening before the game. Indus-trial High School's band played  
and marched in the parade, and  
the majorettes from Industrial  
High performed also. It was a  
sensational parade. They par-aded from Main Street to  
Fifth Avenue. The band, under  
the direction of Mr. L. A. Kirk-  
sey, displayed much talent, as  
well as fine musicianship. Their  
redition of the "Hucklebuck,"  
which was played between the  
halves, was greatly enjoyed by  
everyone. The majorettes dis-played much skill in their tech-  
niques in using the baton. They  
performed brilliantly on the  
gridiron. The faculty and stu-  
dent body, as well as the gen-  
eral public is very grateful to  
Mr. Kirksey and Mrs. Holliday  
for bringing to us such splen-  
did performers. The Pop squad  
cheered the boys, although our  
boys were defeated. However,  
they put up a good fight. Our  
chicks to our boys! The scores  
were 6-45. Carver is considered  
as one of the strongest teams  
in this district. The Bobcats will  
play Bradenton on October 22.  
Our next home game will beplayed at Memorial Field on  
October 23. The Bobcats will  
play Stuart Training School.On Monday the eighth grade  
class of Everglades Vocational  
High, presented a very enter-  
taining musical program as a  
part of the regular weekly  
chapel exercises.  
Principal Sayles attended the  
supervisors and principal's con-  
ference which convened Thurs-  
day, October 13, at Tallahassee,  
Fla. Saturday was homecoming  
at Florida A&M College.  
Mr. Sayles reported that he  
saw several of the former stu-  
dents of Everglades Vocational  
High, namely: Mr. Davis, Elza  
Dobard, Alford Horne, Eliza  
Boone, Charles Butts, and Book-  
er T. Alexander. Visiting from  
Tulsa College Institute was Myrtle  
Poole.Members of the Junior Red  
Cross Chapter in the elemen-  
tary department are busy pre-  
paring for the Red Cross play  
which will be presented Wed-  
nesday, Oct. 26, at our regular Red  
Cross meeting.The band under the direction  
of Mr. M. M. Hamilton, is pro-  
gressing tremendously. The band  
is expected to perform on home-  
coming day.LAKE SHORE ELEMENTARY
